In response to the Office Action dated May 1, 2003, please amend the above-identified application as follows:

IN THE CLAIMS

Please add new Claims 9-14 as follows:

9. (New) The friction transmission unit according to claim 1, wherein the profile other than a circular arc profile is a profile defined by a point of contact between the input member and the output member where a curvature radius of at least one of the input member and the output member in a direction along a vector indicating friction force between the input member and the output member is minimized.

10. (New) The friction transmission unit according to claim 9, wherein a contact surface of one of the input member and the output member is a toroidal surface, and
